

FLOORING REVOLUTION

Golden Chalet Oak

Product Description

Quality, reliability, and spectacular best reflect our range of engineered wood floors. Take a look at our Golden Chalet Herringbone, which will bring a touch of natural charm to many rooms in your home. The classic herringbone style will create a striking look and is sure to become a conversational piece with your guests. Rich tones of smoked golden brown with earthy hues in the knots and grains truly transform this engineered wood into a masterpiece of interior design. The impressive 10mm thickness offers amazing stability, whilst the 3mm top layer provides added protection and durability helping to provide that much needed peace of mind. Complete with a brushed and UV oiled finish, Golden Chalet Herringbone showcases an authentic wood appearance while also being able to deal with all aspects of a busy home.
